

The Sheila and Fred Abrams Community Education Center invites you to a workshop on:

MUSIC AND EPILEPSY: A Concert/Lecture on the Power of Music

Sunday, October 27, 2024

Time: 2:30 - 4:00 PM

South Huntington Public Library

145 Pidgeon Hill Rd., Huntington Station, NY 11746

Please join us for this unique presentation on the under-recognized benefits of music to help epilepsy and its associated conditions.

A general review of epilepsy will be presented by neurologist Dr. Tanya Kapoor. This will be followed by a concert/lecture led by neurologist Dr. Alan Ettinger and his band, *Synaptic Groove*.

Dr. E and Synaptic Groove will highlight the Mozart effect on seizure activity and demonstrate how music can address epilepsy-associated issues including stress and anxiety, cognitive challenges, and the stigma of living with epilepsy and associated disorders such as stroke or autism.

Pre-registration is required.

Please register by email to:

Jromeo@epicli.org. Please indicate the number of people in your party.

Questions: Jromeo@epicli.org or (516) 739-7733, opt. 1, ext. 145.

Please follow Synaptic Groove Band on Facebook:
